## ROBINS KAPLAN<sup>LLP</sup>

Robins Kaplan LLP is among the nation's premier trial firms, with more than 220 attorneys in eight cities. The Firm's legacy for recognizing the strength of diversity to drive equal justice, regardless of economic resources, was born in the depths of the Great Depression. Two lawyers, rebuffed by traditional law firms, began their own quest to make history against more economically powerful defendants. That journey has led the Firm to rewrite the odds for its clients, earning recognition and praise.

The Firm, known for its exceptional trial advocacy, has achieved more than \$2 billion in jury verdicts on behalf of its clients. The Firm has also obtained more than \$10 billion in settlements for plaintiffs in large-scale litigation. *The National Law Journal* recently highlighted the Firm's "track record for litigating and negotiating complex cases resulting in verdicts and settlements worth hundreds of millions or even billions of dollars for their plaintiff clients."<sup>1</sup>

For example, in *State of Minnesota and Blue Cross & Blue Shield of Minnesota v. Philip Morris Inc. et al.*, No. C1-95-1324 (Minn.), the firm pursued a groundbreaking lawsuit against the tobacco industry, which settled on the eve of jury deliberations for more than \$6.6 billion and unprecedented injunctive relief. Former Surgeon General Dr. C. Everett Koop called the Minnesota case one of the most significant public health achievements of the 20th century.

Since then, the Firm continues to live up to its brand for *Rewriting the Odds*<sup>™</sup> against well-funded opponents in high-stakes litigation. Recent recognition includes: *Benchmark Litigation*: "Top Ten Plaintiffs' Firm" (2017) and "highly recommended litigation firm in Minnesota" (2018); *Chambers*: "Plaintiff, nationwide antitrust" (2017); *BTI*: "Honor Roll of Most Feared Law Firms" (2016), "Client Service A-Team 2016", "Awesome Opponent" (2014); *Law360*: "Litigation Powerhouses" (2016) and "Most Feared Plaintiffs' Firms" (2015); *Legal 500 USA*: one of nation's top firms in Civil Litigation/Class Actions (2016) and one of "the best plaintiff's firms in the country" (2015); *The American Lawyer*: "A-List" (2016); *The National Law Journal*: "Elite Trial Lawyers Report" in Antitrust (2016), Plaintiff's Hot List (2015), and Elite Trial Lawyers List (2014).

<sup>1</sup> *National Law Journal* Plaintiffs' Hot List 2015.

Consistent with its legacy, the Firm's attorneys have contributed more than 7% of their billable time to pro bono cases since 2008. *The American Lawyer* ranked the Firm in the top 20 nationally for pro bono work (2017), and *The National Law Journal* named the Firm to its 2017 "Pro Bono Hot List." The Firm is also a champion of diversity, recognized in *American Lawyer's* diversity A-List, *Chambers*, the Human Rights Campaign Corporate Equality Index since 2009, and received the *Profiles in Diversity Journal* 2012 Diversity Leader Award and 2017 Award of Excellence.
